### 18th Seafarers Of the Year Award (SOYA)

The Seafarers Of the Year Award (SOYA), organized by our office in the Philippines, was held on April 16 in Manila.

The SOYA is an annual event held in April to honor seafarers and manning office staff who have contributed to the safe operation of vessels managed by our Group during the past one year. Due to the influence of the corona, this was the first time in four years that the event was held face-to-face, and a total of more than 300 Filipino seafarers and their families attended the event, making it a great success.
